know it is seen and read by every one

Another cold-blooded murder was added last Friday night to the long list of murders committed in Wallace county. George Maneon, a Greek employ on the section at Wallace, was foully murdered and afterwards robbed of about \$800 sometime during Friday night. The body was found Saturday morning in bed in his bank car. His head had been battered into a pulp and split open with a hatchet. A bloody hammer and hatchet were found in the car, silent witnesses to a terrible crime. After the man was murdered a small rope was twisted and tied tightly around his neck-Mafia-thereby showing beyond

by his fellow countrymen. Big George, as he was known, was a thrifty, hard working Greek. He had a family back in his native country, and his ambition was to make enough money to be able ta return to Greece and live in ease. His savings, about \$800 in bills, was carried in a canvas belt which he were around his body. This belt was found cut in two and

his money was gone. Two Greeks employed at Sharon Springs are under suspicion. They disappeared about the middle of the week. Prior to this time they had visited Big- George, and undoubledly knew that he carried a large sum of money on his person. They were located at Cheyenne Wells Sunday, but disappeared. Sheriff Hays accompanied by roadmaster Ball and Sheriff Norman, of Cheyenne Wells, searched every town between Cheyenne Wells and Denver. The police at Denver also took a hand in the search and the Greek quarters in that city were searched without result. Sheriff Hays returned Wednesday morning and left on the evening train for Kansas City accompanied by roadmaster Ball. The county commissioners have offered a reward of \$100 for the arrest and conviction of the men who committed the crime.

Big George had a cousin working at Wa-Keeney and also had relatives living in Montana. The remains were buried at Wallace and the personal effects of the deceased are in the hands of Coroner Wilder.—Sharon Springs Times.
